

JUSTICE BY DESIGN: ARCHITECTURAL DESIGN LAB FOR TEENS

2025

This Architectural Design Lab invites you to reimagine the world around you – from your local playground to your nearest deli!

With guidance from real architects from the Center for Architecture and BOLT Architecture, you'll get your hands dirty with industry tools and technology as you rebuild your neighborhood. Learn more about how the design choices of tomorrow can create a more equitable future!

Expert Guidance: Learn from architects, designers, and community leaders who are passionate about innovation.

Hands-on Projects: Use building materials and technology to create new spaces in your community

Creative Problem-Solving: Address real-life design challenges in your community and propose solutions.

Weekly Stipend: Be rewarded for your efforts to create a better future.
